CALDERA HOUSE

JACKSON HOLE

A scenic landscape featuring a mountain with a dense forest of evergreen trees, a rocky ridge, and a calm lake with a small island in the foreground. The mountain's upper slopes are covered in a thick forest of tall, dark evergreen trees. A prominent rocky ridge runs diagonally across the upper half of the image, showing signs of erosion and sparse vegetation. Below the ridge, the forest continues down to the water's edge. The lake is exceptionally clear, revealing a vibrant turquoise-green color. In the center of the lake, a small, circular island is covered with lush green trees and shrubs. The water's surface is calm, reflecting the surrounding forest and the sky. The overall scene conveys a sense of tranquility and natural beauty.
